

# AUDA StreetScape Update

June 22, 2011

## CONSTRUCTION PROJECT UPDATE

From June 22nd–29th, Hansen Brothers will continue construction on the joint utility trench from Big-O-Tires and working towards Pine Street. Waterline work continues this week with the line flushing scheduled for Monday, June 27th. Construction crews will begin working on connecting the existing water services to the new waterline by the end of the week and may continue into early next week.

Hansen Brothers will continue to have traffic control between Elder's Bus Station and Pine Street with one traffic lane open in each direction on Lincoln Way to facilitate the trenching work. The lanes of traffic will shift according to the construction work.

Construction will have no impact on Wednesday Night Live.

Please anticipate some delays on Lincoln Way. We regret this inconvenience and ask our residents, businesses and visitors to be patient and considerate during the project. The construction will occur over the next five months.

Please remember that businesses are open during construction and there is public parking located on Lincoln Way near Elder's, near Depoe Bay and off E. Placer St.

More information on the Streetscape Phase II Project can be found online at:
